

## Table of contents

INTRODUCTION .....	3
<b>PART I. MISCARRIAGE – THE LOSS</b> .....	<b>11</b>
<b>CHAPTER 1</b> .....	<b>11</b>
<b>THE NATURAL HISTORY OF MISCARRIAGE</b> .....	<b>11</b>
SUMMARIZING QUESTIONS AND ANSWERS .....	14
HELPFUL HINTS FOR SUPPORTIVE FRIENDS AND FAMILY .....	15
<b>CHAPTER 2</b> .....	<b>17</b>
<b>THE EMOTIONAL IMPACT OF REPRODUCTIVE LOSS</b> .....	<b>17</b>
PSYCHOLOGICAL FACTORS IN RESPONSE TO MISCARRIAGE .....	17
HELPFUL HINTS FOR SUPPORTIVE FRIENDS AND FAMILY .....	18
NORMAL AND PATHOLOGIC GRIEF .....	20
CASE REPORT .....	24
CASE REPORT .....	24
INFORMATION ABOUT SUPPORT GROUPS .....	25
YOU CAN SURVIVE PREGNANCY LOSS .....	26
"THE TRUTH IS..." .....	27
<b>CHAPTER 3</b> .....	<b>31</b>
<b>THE SIX TYPES OF MISCARRIAGE</b> .....	<b>31</b>
BLIGHTED OVUM .....	31
ECTOPIC PREGNANCY .....	31
SPONTANEOUS MISCARRIAGE IN THE 1 <sup>ST</sup> TRIMESTER .....	33
MOLAR PREGNANCY .....	35
INCOMPETENT CERVIX .....	36
STILLBIRTH .....	37
A WOMAN’S STORY .....	38
SUMMARIZING QUESTION & ANSWER .....	39
<b>PART II. THE HOW AND WHY OF MISCARRIAGE</b> .....	<b>41</b>
<b>CHAPTER 4</b> .....	<b>41</b>
<b>EVALUATION OF YOUR MISCARRIAGE</b> .....	<b>41</b>
I. WHAT YOU MAY BE CONCERNED ABOUT .....	41
<i>How common is miscarriage?</i> .....	41
<i>What is a recurrent miscarriage?</i> .....	42
<i>Who should I see for help?</i> .....	44
II. EVALUATION: HELP FROM YOUR DOCTOR – WHAT IS IMPORTANT TO KNOW ...	52
<u>Maternal Factors</u> .....	53
<u>Paternal factors</u> .....	54
III. CASE HISTORY .....	60
<b>CHAPTER 5</b> .....	<b>61</b>
<b>THE BIOLOGIC CLOCK - IMPACT OF A WOMEN’S AGE</b> .....	<b>61</b>
REPRODUCTION AND AGE .....	61

AGE AND EGG QUALITY: LOWER FERTILITY AND HIGHER MISCARRIAGE .....	61
ANATOMY OF THE EGG: ZONA PELLUCIDA .....	61
CHROMOSOMES AND THE EGG .....	62
EGG DONATION .....	62
<b>CHAPTER 6 .....</b>	<b>63</b>
<b>GENETIC FACTORS ASSOCIATED WITH MISCARRIAGE .....</b>	<b>63</b>
CHROMOSOMAL ANALYSIS OF GAMETES AND EMBRYOS .....	63
GENETIC CAUSES OF RECURRENT PREGNANCY LOSS .....	65
<i>A. Translocations</i> .....	65
<i>B. Inversions</i> .....	66
<i>C. Mosaicism</i> .....	67
CHROMOSOMAL STRUCTURAL REARRANGEMENTS IN PARENTS .....	68
<b>CHAPTER 7 .....</b>	<b>71</b>
<b>ENVIRONMENTAL &amp; OCCUPATIONAL INFLUENCES FOR MISCARRIAGE.....</b>	<b>71</b>
ENVIRONMENTAL FACTORS .....	72
<i>Tobacco and Alcohol Exposure</i> .....	72
<i>Alcohol</i> .....	72
<i>Electromagnetic Fields</i> .....	73
<i>Radiation</i> .....	73
DRUGS .....	73
<i>Prescription and Non-Prescription Drugs</i> .....	74
<i>Cancer Treatments</i> .....	74
<i>DES</i> .....	74
<i>Isotretinoin</i> .....	75
OCCUPATIONAL EXPOSURES AND ENVIRONMENTAL POLLUTANTS .....	75
<i>Organic Solvents</i> .....	76
<i>Paternal Occupational Exposures</i> .....	76
<i>Anesthetic Gases</i> .....	77
<i>Mercury</i> .....	77
<i>Pesticides</i> .....	77
NUTRITION AND EXERCISE .....	77
PSYCHOLOGICAL FACTORS .....	78
<b>PART III. TREATMENT – NEW HOPE FOR MISCARRIAGE PATIENTS.....</b>	<b>81</b>
<b>CHAPTER 8 .....</b>	<b>81</b>
<b>FIBROIDS AND MISCARRIAGE.....</b>	<b>81</b>
A. FIBROIDS .....	81
<b>CHAPTER 9 .....</b>	<b>91</b>
<b>ANATOMY – WAYS TO CORRECT PREGNANCY LOSS.....</b>	<b>91</b>
<b>UTERINE CAUSES OF MISCARRIAGE .....</b>	<b>91</b>
A. UTERINE MALFORMATIONS .....	91
1) <i>Septate Uterus</i> .....	93
2) <i>Double Uterus</i> .....	94
3) <i>Unicornuate Uterus</i> .....	94
B. ASHERMAN’S SYNDROME .....	96
C. CERVICAL INCOMPETENCE .....	98

<i>Pregnancy Outcome with Cervical Cerclage</i> .....	101
<b>CHAPTER 10</b> .....	<b>103</b>
<b>INFECTION AND PREGNANCY LOSS</b> .....	<b>103</b>
MYCOPLASMAS .....	103
LISTERIA .....	104
CHLAMYDIA .....	105
GROUP B STREPTOCOCCUS .....	105
<b>CHAPTER 11</b> .....	<b>107</b>
<b>HORMONES AND MISCARRIAGE</b> .....	<b>107</b>
LUTEAL PHASE DEFECT .....	107
<i>Serum Progesterone</i> .....	110
<i>Endometrial Biopsy</i> .....	110
<i>Clomiphene Citrate</i> .....	112
<i>Progesterone</i> .....	112
<i>Human Chorionic Gonadotropin</i> .....	113
<i>Elevated Prolactin</i> .....	113
THYROID DISEASE .....	114
DIABETES MELLITUS .....	114
POLYCYSTIC OVARY (PCO) SYNDROME .....	116
<b>CHAPTER 12</b> .....	<b>117</b>
<b>REPRODUCTIVE IMMUNOLOGY</b> .....	<b>117</b>
AUTOIMMUNITY AND RECURRENT PREGNANCY LOSS .....	117
<i>Systemic Lupus Erythematosus</i> .....	117
THROMBOPHILIAS .....	117
<i>The Antiphospholipid Syndrome (APS)</i> .....	117
<b>PART IV. ART – NEW HORIZONS</b> .....	<b>123</b>
<b>CHAPTER 13</b> .....	<b>123</b>
<b>ASSISTED REPRODUCTIVE TECHNOLOGY</b> .....	<b>123</b>
IN –VITRO FERTILIZATION – EMBRYO TRANSFER (IVF-ET).....	124
<i>Fertilization</i> .....	126
<i>Embryo Transfer</i> .....	127
FACTORS AFFECTING THE SUCCESS OF IVF-ET .....	128
GAMETE INTRAFALLOPIAN TRANSFER (GIFT) .....	130
ZYGOTE INTRAFALLOPIAN TRANSFER (ZIFT).....	131
EMBRYO CRYOPRESERVATION .....	131
INTRACYTOPLASMIC SPERM INJECTION (ICSI) .....	132
ASSISTED HATCHING .....	132
EGG DONATION .....	133
PREIMPLANTATION TESTING (PGD) .....	133
GESTATIONAL SURROGACY .....	133
EMBRYO DONATION .....	134
<b>CONCLUSION</b> .....	<b>135</b>
MAGNITUDE OF THE PROBLEM .....	135
THERAPEUTIC OPPORTUNITIES .....	135
PLANNING FOR THE FUTURE .....	135
